

JOB PLACEMENT

Based on the belief in our students and our teaching methods we have created a team for Students Job Placement. This team organizes seminars or webinars on different topics which helps our students to prepare well for the upcoming career challenges both in corporate governance or freelance business. Our evaluation process for students follows different aspects & systems. Though we get very limited time to help the students still we help them to prepare their resumes, formal letter writing, cover letter writing. To ensure the placement of every student in different sectors both in the overseas job market and local job market we have many strategic partnerships deals with Samaira Job Bridge Ltd (also a sister concern of Samaira group). Through Samaira Job Bridge Ltd our students can get placement in Government and Non-Government Organizations. Every student who wants to have a job is offered different categorized job opportunities across the world based on the assessment of our course moderators.
